

ONWARD TRAVEL 
EST 2014

COVID-19 Considerations as of June 21, 2022

Onward Travel is delighted to be traveling again and very much looking forward to the rest of our 2022 adventures. We expect travel to feel normal and business as usual.

But as we've all seen, the state of the world and the USA during the COVID pandemic has been unpredictable. If Onward Travel needs to cancel or reschedule a tour because circumstances change and we feel we can no longer offer the tour safely, we will refund in full. But please note non-refundable expenses due to airfare or extended stays are not our responsibility.

We are very happy to be traveling again but want to continue to do so safely and responsibly. Due to the higher risk of unvaccinated people spreading COVID and the always-changing requirements by local authorities and businesses, full vaccination is mandatory for those traveling with Onward, for the foreseeable future. All travelers will need to submit a photo of their COVID-19 vaccination certificate showing date(s) and time(s) of vaccination(s) with the final dose having been given at least 14 days prior to your tour departure date.

As small travel groups, we'll need to stay flexible and adhere to guidelines such as masking and social distancing when necessary. Some elements of the itineraries may change. It is possible COVID testing will be required before and/or during the tour. We will arrange any testing that needs to happen during the tour and cover the cost of testing on tour. Testing required before you leave your home state or country will be your responsibility.

Currently no testing is required to travel to Europe or, as of 6/12/22, to return to the United States. We will update travelers if these requirements are reenacted.

We expect that all travelers are healthy and symptom free. If allergies or common cold symptoms present, please self test. We do require a COVID-19 Waiver of Liability form that affirms you are vaccinated, healthy, and not recently exposed to COVID. The form is linked on our website.

We recommend Travelex travel insurance but please read about the COVID coverage. In a nutshell, it does cover you if you or a family member contracts COVID before or during the tour, but it does not cover global events (i.e. a travel ban) or cancellation because of fear of travel. Read more here: www.travelexinsurance.com/covid19.

Our travelers' health and safety remains our top priority. We will do our best to ensure it as well as create amazing, unforgettable lifelong memories and travel experiences.
